Important

Before we provide you with financial advice, you should read this Financial Services Guide (FSG) because it contains important information designed to help you decide whether to use our services. It contains information about:

- The initial and ongoing advice we provide;
- Our service offer and advice fees;
- Who to contact should you have a complaint.

About Us

Sound Life & Superannuation Agencies Pty Ltd, corporate authorised representative (CAR), number 251042, trading as Sound Life Financial Services, is authorised to provide financial services on behalf of Charter Financial Planning.

Our financial planning process

Everyone is different, with different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

The initial advice process covers our first appointment all the way through to the implementation of your financial plan. We do this by:

(1) Identifying where you want to be

We help you identify your financial and lifestyle goals. This makes sure we understand your needs and you can understand what to expect from us.

(2) Considering the opportunities and risks

We assess your current situation and investigate the options available for you to reach your goals.

(3) Bridging the gap

Based on discussions with you and research we conduct, we will devise a strategy to bridge the gap between where you are now and where you want to be.

(4) Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor and general insurer so that your strategy is implemented efficiently.

As time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing advice.

(5) Staying on track with regular ongoing advice

We design an ongoing service programme to ensure your plan remains up to date as your life changes and so you can obtain the benefits of ongoing reliable advice.

Sometimes, life takes us in unplanned directions. When you need a little extra help on top of our initial or ongoing advice, just ask us to provide you with some additional advice. We are there to help you – whatever the occasion.

We will keep a record of any further advice we provide you. You may request a copy by contacting our office.

You will also receive a Product Disclosure Statement (PDS) if we have recommended you invest in or purchase a financial product. The PDS contains key features of the recommended product, significant benefits, risks and the fees you pay the product provider to professionally manage your investment or insurance.

You should read any warnings contained in your financial plan or the PDS carefully before making any decision relating to a financial strategy or product.

You can contact Thelma Jaekel directly with any instructions relating to your financial products.

Advice fees

We receive initial, implementation and ongoing advice fees and commission for insurance products you purchase. Your financial plan will outline all fees and commission inclusive of GST.

Initial Advice

Our initial advice fee ranges between \$660 and \$990 for a single strategy and \$990 and \$3,960 for multiple strategies.

If, in developing your financial plan, we identify that you have a complex situation that requires extensive planning and development, our initial advice fee will change. In this case, we will provide you with an upfront quote of the amount payable before we proceed with developing your financial plan.

Our initial advice fee covers the cost of researching and preparing your financial plan.

Before providing you with initial advice we will prepare an initial advice agreement.

The initial advice agreement sets out what our initial advice will cover and how much it will cost.

Advice Implementation

Our implementation fees range between \$220 and \$660 for single advice strategies and \$660 and \$2,090 for multiple and complex advice strategies.

This covers the administrative time spent implementing the recommended strategies and products.

Ongoing Advice

Ongoing advice fees range between 0% and 2.0% of your investment value per annum.

A flat capped fee may be negotiated.

The ongoing advice fee covers the cost to review the strategies and the products recommended in your SOA. An ongoing review helps you take advantage of opportunities as they become available. The fee for the ongoing advice fee service is calculated as either a set dollar amount, a percentage of your investments or an hourly fee.

If, during our assessment of your ongoing needs, we identify that you require ongoing advice outside of our standard advice offer, our ongoing advice fee will change. In this case, we will provide you with a quote of what you will be required to pay to receive these services.

Before providing you with ongoing advice we will prepare an ongoing advice agreement.

The ongoing advice agreement will set out what our ongoing advice will cover, your payment method, and how much it will cost.

Additional advice

For additional advice, an hourly rate of \$220 is payable.

Payment Method & Frequency

We offer you the following payment terms:

- Bpay, direct debit (credit card or savings), cheque
- Deduction from your investment
- Ongoing advice fees may be deducted as an annual instalment or in monthly or quarterly instalments.
- Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or percentage each year. The specific amount will be agreed to by you and outlined in our ongoing advice agreement.

Commission is payable by life companies when we recommend insurance and annuity products. The commission is factored into the annual premium and may range as follows:

- From 11% to 130% of the initial premium
